What is Kalsarpa Yoga?

This Yoga is formed due to influence of Rahu in a Kundali. The Yoga formed when all the planets come at one side of Rahu and Ketu is known as Kaalsarpa Yoga. This Yoga is formed when all the seven planets from Rahu to Ketu are situated in a Kundali. We all know that Rahu/Ketu does not have a physical existence. Both the planets are virtual planets. Rahu/Ketu always move in retrograde state. Some scholars believe that the person who is afflicted from this Yoga faces extreme adversities in life while others believe that it is not necessary that Kaalsarpa Yoga is inauspicious in the Kundali of everyone. Some people have the capability to achieve heights despite of the presence of Kaalsarpa Yoga in their Kundali. Hence, various Yogas of a Kundali determine whether the Kaalsarpa Yoga will yield auspicious or inauspicious results.

Kalsarp Yoga And Vaidic Jyotish

The name of Kaalsarpa Yoga instigates fear in the mind of a person unreasonably. Mentalworries haunt him when he comes to know that a Kaalsarpa Yoga is present in his Kundali. People who believe in malefic planets, Gandamula Nakshatra and Manglik Dosha also believe in Kaalsarpa Yoga. They also accept the results of this Yoga. In these modern times, some astrologers believe in Kaalsarpa Yoga while others doubt its existence. They believe that such kind of Yoga does not exist. The description of this Yoga is not found anywhere in the scriptures of sage Parashar and sage Varahmihir. That is why, a difference of opinion about this Yoga still exists among scholars.

What is the result of Kalsarpa Yoga?

The results of Kaalsarpa Yoga depend on various factors like placement of Rahu in a Kundali, its house, the planet with which it is conjunct, the planets which have aspect on it, the sign in which it is present etc. All the seven planets are present on Rahu/Ketu axis in Kaalsarpa Yoga. This Dosha is nullified when a planet is present with Rahu during its formation and degrees of the planet are higher than Rahu/Ketu.

The results of Kaalsarpa Yoga also depend on various other factors. For example, this Yoga is less inauspicious when Rahu is present in a female sign during its formation. The placement of Rahu in a male sign makes this

Yoga more inauspicious. The houses from ascendant to seventh house are known as unrisen part of a Kundali and houses from seventh house to ascendant are known as risen part or the bright part of a Kundali. When Kaalsarp Yoga is formed in the unrisen part of a Kundali, its strength is less and when it is formed in the risen part, its strength is more.
