Your Health Kundali

Astrology has been related to health since ancient times. It has been mentioned in the ancient epics that the astrologers performed the duties of a doctor. Many branches of astrology containing a description of Ayurveda are found in ancient epics. These epics also contain a detailed description of the Tridoshas. These Tridoshas are Vata, Pitta and Kapha. These Tridoshas are governed by some or the other planet. For instance, the Sun and Mars govern the Pitta or bile nature and Mercury contains all the three Doshas i.e Vata(Wind), Pitta(Bile) and Kapha(Phelgam). Moon contains more Kapha than other planets and it also contains a little quantity of Vata. Jupiter governs the Kapha nature while Venus governs both Vata and Kapha.

Saturn contains the Vata dosha. An individual will suffer from a disease related to the Dosha of the planet which is weak in the Kundali of native or the disease related to a planet which is in malefic influence of the other planets. For instance, the person will suffer from Kapha and ailments related to Kapha if Moon is weak in a person's Kundali. In ancient times, the new medicines were started according to the advice of an astrologer. A good practitioner of astrology used to tell the time and way to take medicines to a patient. There are many medicines in Ayurveda now-a-days which have a specific time and a specific way of intake. The practitioner of Ayurveda use this in their treatment. A person can come to know about the diseases from which he is likely to suffer with the help of astrology. He can get health benefit by getting the treatment of these diseases done in time. Many times a doctor comes to know about a disease after a long time. In such case, a good astrologer can analyze a Kundali and can guide in an appropriate way. He can predict the organ affected by the disease and the form of the disease.

Yoga for diseases in your horoscope

In astrology, by analyzing the yogas formed in the horoscope one can get information about which diseases a person is likely to suffer from. If there are disease yogas in your horoscope then you should be alert and avoid disease. But, the composition of yoga does not mean that you will suffer from any disease. The presence of such a yoga only indicates the possibility of that disease. The disease you suffer from will depend on the other yogas in your horoscope and the actions you take.

Shailaja

Saturn is placed in the 8th house in the horoscope given here. As Shani becomes debilitated, Shani placed here gives long life to the native. But his life span is limited by complaints of illness. It makes the native diplomatic and crafty. He foresees the tactics of the enemies. has the opposite effect on savings. It makes the native suffer from long term stubborn pains. Tumors, cancer, paralysis, insanity etc. give pains. Performs surgery in the gum area.

Mars sitting in 8th house gives Mangaldosh. Creates danger to life expectancy of husband and wife. Mars posited here gives the native malignancy, tumors, surgery, eye diseases, malformations. So you should be careful of all these diseases. It weakens your immune system. Life is passed with the help of medicines.

Simple Remedies:

1. You should walk regularly.
2. Regular yoga practice is also beneficial. In your horoscope, Sun is the lord of your body house and posited in the 7th house in an enemy sign.
3. As one gets weak you should do Surya Upasana daily like Surya Namaskar, recitation of Aditya Stotra can also give Ardhya to Suryanarayana.

For a more personalized analysis, it is best to consult a qualified astrologer who can interpret your birth chart.
